SUMMARY

Highly skilled software development professional bringing enormous talents for software design, development and integration. Offering advanced knowledge of in-demand programming languages. Background writing code and developing systems for the health care, higher education, and media industries.

Technical background focused in React with Typescript, Django and PHP. Balancing strong problem skills with communicating complex technical tasks to non-technical parties, like project managers and clients.

EXPERIENCE

Software Developer III
Top Hat Monocle, INC.   **June 2021 -August 2023, Toronto, Ontario**
· Tech Stack: React with Django backend, postgreSQL.
· Averaged 7 contributions per day within internal Github repositories.
· Built and released stable features in the Content Authoring space, reaching over 65% of Top Hat's users.

Software Developer
REDSpace   **July 2019 – June 2021, Bedford, Nova Scotia**
· Tech Stack: Headless Wordpress sites with React frontend. AWS CloudFormation generation with NodeJS.
· Lead 3 production level projects.
· Coordinated with project managers on database development, timelines, and project scope.

Backend Developer
Code + Mortar   **May 2018 – July 2019, Dartmouth, Nova Scotia**
· Tech Stack: Wordpress sites using PHP and Smarty and Headless CMS projects using Angular 7.
· Consulted with 3 – 4 clients at a time.
· Assessed and offered intuitive solutions for approximately 8 – 10 tickets per week.

PROJECTS

In-App Updates
Top Hat Monocle, INC. · January 2023 -August 2023
· Planned and developed 2 scalable endpoints using our Django back-end.
· Structured 6 React components and styled according to Figma designs.
· Planned feature accessibility under the WCAG 2.1 standard.
· Released iteratively to groups of 10 – 25 internal users and adjusted according to their feedback.
· Participated in retrospectives and other Agile ceremonies.

IWK NICU Commercialization
REDSpace · August 2018 – August 2019
· Lead a team of 3 developers.
· Connected a Wordpress instance to the AWS sdk using NodeJS.
· Ensured security using NodeJS best practices.
· Established a 1-to-many connection between a main Wordpress site to 2+ commercialized copies.

SKILLS

React, Typescript, Javascript, AWS, PHP, Django, Python, Git, Jira, Linux, Agile

EDUCATION

Diploma
Nova Scotia Community College · Truro, Nova Scotia · 2019

Bachelor of Arts
Hunter College · New York, New York · 2017
